eWD Navigation Reference Guide

Note: To access, locate, and select a connector in the diagram the window screen must set to 100% as shown below. You can zoom in and out of diagram, but must go back to 100% if you want to be able to select all connectors.

The screenshot shows the eWD software interface with a wiring diagram titled "STARTING SYSTEM" for a "2018 370Z - March 2018". The left side panel is expanded to show a "Connector List" and a "Connector Detail" table. The diagram shows a "BATTERY" connected to a "10A 9" fuse block, which is further connected to a "4A" fuse. Other components include a "STARTER RELAY" and two "15A" fuses. The interface includes a menu bar (File, Edit, View, Favorites, Tools, Help) and a breadcrumb trail: "Diagram > B ENGINE > STR STARTING SYSTEM".
